## Did you know that your Quality Endorsement includes?

Far more than a ticket to play, Quality Endorsement comes with a number of value added features:

1. Quality Endorsement focuses on your centres outcomes, not its inputs. What this means is that NEAS is interested in the results you achieve for your students.
2. Quality Endorsement is a supportive process that helps you achieve your best. NEAS supports improvement with a guided and collaborative approach.
3. Quality Endorsement utilises the opinions of your students, teachers and stakeholders; as opposed to the view of an auditor. NEAS is not the judge in this process!
4. Quality Endorsement includes benefits such a free marketing support, professional development and access to industry expertise.
5. Quality Endorsement links you to a global network of QA agencies and agents.

Quality Endorsed Centres are provided with:

- ✓ free professional development workshops for frontline teaching and marketing staff to principal administrators
- ✓ a global marketing profile to over 5,000 agents worldwide and representation at major agent fairs in Asia and Europe
- ✓ access to industry expertise and support
- ✓ risk reduction recognition by the Commonwealth regulators

Quality Endorsed Centres are presented with a framed Certificate of Quality Endorsement and have the opportunity to purchase a plaque (a sample shown below) for \$130.

Please contact the NEAS office on +61 2 9954 6077 or [neas@neas.org.au](mailto:neas@neas.org.au) to place your order
